U2 is the biggest name in rock today. Their 30+ year career has produced some of rock's greatest songs, record sales exceeding 150 million worldwide, more than 80 awards including 22 Grammy's, and the largest grossing tour in music history. Their legendary shows are more than a concert, they're unforgettable events.

**UZoo - The Authentic U2 Tribute Band Experience** performs all the U2 hits people loved to hear with the energy, passion, musical ability and showmanship one would expect at a U2 concert.

UZoo shows include classic hits such as "Where The Streets Have No Name," "Pride (In The Name Of Love)," "New Year's Day," and "Sunday Bloody Sunday" as well as the recent hits "Beautiful Day," "Vertigo," "City Of Blinding Lights," "Get On Your Boots," and "Magnificent."

Formed in 2009 in Nashville TN, UZoo's attention to detail is extraordinary, from the solid rhythm section of Larry and Adam, and The Edge's guitar tones, to Bono's vocals and stage presence, UZoo refuses to compromise on the accuracy of how each song is performed.

For those who have never been to a U2 show or those who want to relive the experience, UZoo - The Authentic U2 Tribute Band Experience can't be missed.
